Port Chester Public Schools has partnered with Innovare to design a set of custom dashboards to be available to the public.

The dashboards bring together a number of data sources to give a complete picture of the district’s performance.
Data Featured on the Dashboard

- Enrollment
- Attendance
- NYSED Assessments
  - Subject assessments
  - NYSESLAT
  - Regents
- Star 360 Assessments
Data Filters

The dashboard can be quickly and easily filtered using the following dimensions:

- School
- Grade
- Gender
- Race/Ethnicity
- ELL
- Dual Language students
- Students with Disabilities
- Economically Disadvantaged students

This provides parents and community members with unprecedented access to their district’s data and the ability to explore the data as they please!
The data is secure and anonymized of any personally identifiable information, meaning no individual student’s data will be made public.
Available in both English and Spanish!
