Dear Parents:

Welcome to the Port Chester-Rye Union Free School District. Students are to be enrolled at the school of residence.

In order to verify your child’s eligibility to attend the schools of our district, you must submit the following documents, records, or information to the school of attendance office immediately, if available, but no later than the close of business on the third business day.

You must submit at least one of the following documents:

- A residential lease, mortgage, or deed
- A statement from a landlord concerning your tenancy
- A statement from a third party that establishes your presence in the Port Chester-Rye Union Free School District. Additionally, you must complete and submit the attached custodial affidavit(s). The District will consider requests for exceptions to this requirement in limited but appropriate instances.

You may also submit any other relevant evidence you wish to, including but not limited to the following types of documentation:

a. pay stub;
b. income tax form;
c. utility or other bills;
d. membership documents (e.g., library cards) based upon residency;
e. voter registration document(s);
f. official driver’s license, learner’s permit or non-driver identification;
g. state or other government issued identification;
h. documents issued by federal, state or local agencies (e.g., local social service agency, federal Office of Refugee Resettlement); or
i. evidence of custody of the child in question, including but not limited to judicial custody or order or guardianship documentation.

Finally, if available, you must submit the following: an original or certified transcription of your child’s birth certificate, or an original or certified transcription of your child’s certificate of baptism, if available. If you are unable to provide me with either of these types of documents, please provide your child’s passport, regardless of the issuing nation. In the absence of any of the aforementioned, you may provide any other documentation that has been in existence for over two years that could be used to establish your child’s age.
For example:

a. official driver’s license;
b. state or other government issued identification;
c. school photo identification with date of birth;
d. consulate identification cards;
e. hospital or health records;
f. documents issued by federal, state or local agencies (e.g., local service agency, federal Office of Refugee Resettlement);
g. court orders or other court-issued documents;
h. Native American tribal document; or
i. records from non-profit international aid agencies and voluntary agencies.

In order to make a timely decision regarding a student’s right to continued enrollment in the District, the aforementioned information and documentation should be delivered to the main office of the school of enrollment tomorrow (or the next regular business day if tomorrow is a weekend or holiday). If you have any questions, please contact my office at 914-934-7920.

Thank you.
The answer you give below will help the district determine what services you or your child may be able to receive under the McKinney-Vento Act. Students who are protected under the McKinney-Vento Act are entitled to immediate enrollment in school even if they don’t have the documents normally needed, such as proof of residency, school records, immunization records, or birth certificate. Students who are protected under the McKinney-Vento Act may also be entitled to free transportation and other services.

Where is the student currently living? (Please check one box.)

☐ In a shelter
☐ With another family or other person because of loss of housing or as a result of economic hardship (sometimes referred to as “doubled-up”)
☐ In a hotel/motel
☐ In a car, park, bus, train, or campsite
☐ Other temporary living situation (Please describe):

☐ In permanent housing

New York State Immunization Requirements for School Entrance/Attendance

Students presenting without documentation of receiving any, or an insufficient number of, immunizations or proof of immunity may be permitted a grace period to attend school for not more than 14 calendar days; which may be extended to not more than 30 calendar days for an individual student who is transferring from out of state or from another country and can show a good faith effort to get the necessary evidence of immunization. (10NYCRR 66-4)

Students wishing to enroll in the Open Door Family Medical Center School Based Health Center for the purposes of obtaining immunizations can enroll with the site provider. Enrollment forms are available upon request.

Please send proof of immunization to the school nurse where your child will be attending school.

Proof of immunization must be any 1 of the 3 items listed below.

- An immunization certificate signed by your health care provider
- Immunization Registry report (NYSIIS or CIR from NYC) from your health care provider or your county health department
- A blood test (titers) lab report that proves your child is immune to the diseases
  - For varicella (chickenpox), a note from your health care provider (MD, NP, PA) which says your child had the disease is also acceptable.

If you have any questions or concerns about immunizations, please contact the school health office. Thank you.

Sincerely,

School Nurse
New York State Immunization Requirements
for School Entrance/Attendance

NOTES:
Children in a prekindergarten setting should be age-appropriately immunized. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). For grades pre-k through 11, intervals between doses of vaccine should be in accordance with the ACIP-recommended immunization schedule for persons 0 through 18 years of age. Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. Intervals between doses of vaccine DO NOT need to be reviewed for grade 12 except for interval between measles vaccine doses. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes should meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule.

Department of Health
PARENTS: NYS School Vaccination Requirements Have Changed

Nonmedical exemptions to school vaccination requirements have ended for children attending day care and pre-K through 12th grade in New York State. This includes all public, private, and religious schools. Religious exemptions are no longer allowed.

Children with nonmedical exemptions must now be vaccinated to attend or remain in school.

Students who already have all required school vaccinations, and students with a valid medical exemption from a physician, are not affected by this change.

**IMPORTANT VACCINATION DEADLINES:**

- **Within 14 days of the first day of school or day care** – children must receive the first age-appropriate dose in each immunization series to attend or remain in school or day care.

- **Within 30 days after the first day of school or day care** – parents or guardians must show that they have appointments for the next required follow-up doses for their child. Deadlines for follow-up doses depend on the vaccine.

What vaccines does my child need?
Talk to your health care provider. Requirements will differ based on your child's age and any previous vaccinations.

Is it safe for my child to have more than one shot at a time?
Scientific data show that getting multiple vaccines at the same time is safe. It also means fewer doctor’s office visits which can be less stressful for your child. Visit health.ny.gov/vaccinesafety to learn more.

Tips to help your child relax at their next shot visit:

**Dental Health Certificate**

Parent/Guardian: New York State law (Chapter 281) permits schools to request a dental examination in the following grades: school entry, K, 2, 4, 7, & 10. Please complete Section 1 and take the form to your dentist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist to fill out Section 2. Return the completed form to the school’s nurse as soon as possible.

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student’s dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

### Section 2. To be completed by the Dentist

I. The Dental Health condition of ______________________ on __________________ (date of exam) The date of the exam needs to be within 12 months of the start of the school year in which it is requested. Check one:

- □ Yes, The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.
- □ No, The student listed above is not in fit condition of dental health to permit his/her attendance at the public schools.

**NOTE:** Not in fit condition of dental health means that a condition exists that interferes with a student’s ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.

Dentist’s name and address (please print or stamp) ___________________________ Dentist’s Signature ___________________________

**Optional Sections - If you agree to release this information to your child’s school, please initial here.**

II. Oral Health Status (check all that apply).

- □ Yes □ No Caries Experience/Restoration History – Has the child ever had a cavity (treated or untreated)? [A filling (temporary/permanent) OR a tooth that is missing because it was extracted as a result of caries OR an open cavity].
- □ Yes □ No Untreated Caries – Does this child have an open cavity? [At least 1/2 mm of tooth structure loss at the enamel surface. Brown to dark-brown coloration of the walls of the lesion. These criteria apply to pits and fissure cavitated lesions as well as those on smooth tooth surfaces. If retained root, assume that the whole tooth was destroyed by caries. Broken or chipped teeth, plus teeth with temporary fillings, are considered sound unless a cavitated lesion is also present].
- □ Yes □ No Dental Sealants Present

Other problems (Specify): ___________________________

III. Treatment Needs (check all that apply)

- □ No obvious problem. Routine dental care is recommended. Visit your dentist regularly.
- □ May need dental care. Please schedule an appointment with your dentist as soon as possible for an evaluation.
- □ Immediate dental care is required. Please schedule an appointment immediately with your dentist to avoid problems.

ACCEPTABLE USE POLICY FOR TECHNOLOGY
AND THE INTERNET

— STUDENTS —

Introduction

Port Chester-Rye Union Free School District ("School District") furnishes computers and provides access to the Internet in order to support learning and enhance instruction. By providing access to the Internet, a vast information highway connecting thousands of computers all over the world, the School District intends to promote educational excellence and to prepare students for an increasingly technological world. This use should facilitate resource sharing, research, innovation and communication.

However, the School District also recognizes that with this access comes the availability of material which is unrelated to scholarship, and which in many instances is inappropriate for places of learning and inappropriate for young people in particular. For this reason, some resources such as e-mail and discussion groups are only to be used under directed supervision by faculty, and will be limited to teacher-directed projects. In addition, the School District, in cooperation with the Board of Cooperative Educational Services (BOCES), has taken precautions to restrict access to questionable materials, but students and parents need to know that it is impossible to control all materials.

Much of the responsibility for appropriate use of the Internet must rest on students themselves. Therefore, the School District requires that students act responsibly by reading and following its policies regarding Technology and the Internet. Copies of these policies are available to parents upon request.

Ultimately, we realize that the parents/guardians of minors are responsible for setting and conveying the standards that their students should follow. Likewise, parents and students must understand that the use of technology is a privilege, not a right and that, if procedures or policies are not followed, students will lose this privilege.

Applicability and General Principles

These policies apply to all students who gain access to the Internet via computer equipment and/or access lines located in the School District. This includes any remote access which students may gain from off-site, but which involves the use of School District sites, servers, intranet facilities, e-mail accounts or software.

All access to and use of the Internet must be for the purposes of education and research consistent with the educational goals of the School District. Students must make efficient, ethical and legal utilization of network resources. Students must be aware that material created, stored on, or transmitted from or via the system is not guaranteed to be private. In addition to the fact that the Internet is inherently insecure, School District network administrators may review the system at any time to ensure that the system is being used properly. For this reason, students should expect that e-mails, materials placed on personal Web pages, and other work that is created on the network may be viewed by a third party.

External access will be provided to authorized users by the assignment of unique log-in identification codes ("usernames" and passwords) and, where appropriate, with limited hard disk space on School District hardware, for their own individual use. Authorized users will be personally responsible for maintaining the integrity of the School District's access policy, and may not permit other persons to use their usernames, passwords, accounts or disk space, or disclose their usernames, passwords or account information to any third party.

Usernames and passwords will be furnished subject to the provisions of this Policy, and such updates or modifications as may hereafter be promulgated.
Users must respect the integrity and security of the School District’s systems and network, and the access privileges, privacy and reasonable preferences of other users. The School District reserves the right to limit access time and disk space in order to optimize an equitable allocation of resources among users.

The School District makes no warranties of any kind, whether express or implied, for the service it is providing. It is not responsible for any damages, including loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions, whether caused by the School District’s negligence, or by a user’s errors or omissions. Information obtained from the Internet is used at the user’s (student’s) own risk, and the School District specifically disclaims any responsibility for the accuracy or quality of information obtained by students via access provided by or through the School District.

The following policies are intentionally broad in scope and, therefore, may include references to resources, technology and uses not yet available.

**Rules of Conduct and Compliance**

Students who violate this Acceptable Use Policy may have their access privileges suspended or revoked by the network administrator. In addition, because the School District’s information networks and systems are used as part of the educational program, the School District’s Code of Conduct also applies to network activities. This Acceptable Use Policy is an extension of the Code of Conduct, and the disciplinary penalties set out in the Code of Conduct will apply if the student acts in violation of this Acceptable Use Policy.

Except as otherwise indicated below, all policies and prohibitions regarding users of the network also apply to users of individual School District computers.

1. The network may not be used to download, copy, or store any software, shareware, or freeware. In order to avoid copyright issues, this prohibition applies to any such downloading, copying or storage, regardless of copyright status, unless approved by a network administrator. Moreover, only the network administrator is authorized to consent to the terms of any software license with respect to downloaded programs.

2. No user may add any software or application to a School District computer or to the network without the prior approval of the appropriate faculty member/administrator (in the case of an individual computer) or the network administrator (in the case of the network).

3. The network may not be used for any commercial purposes, and users may not buy or sell products or services through the system.

4. The network may not be used for advertising, political campaigning, or political lobbying.

5. The network may not be used for any activity, or to transmit any material, that violates United States, New York State or local laws. This includes, but is not limited to, fraudulent acts, violations of copyright laws, and any threat or act of intimidation or harassment against another person.

6. The School District is a place of tolerance and good manners. Use of the network or any School District computer facilities for hate mail, defamatory statements, statements intended to injure or humiliate others by disclosure of personal information (whether true or false), personal attacks on others, and statements expressing animus towards any person or group by reason of race, color, religion, national origin, gender, sexual orientation or disability is prohibited.

7. Network users may not use vulgar, derogatory, or obscene language.

8. Network users may not post anonymous messages or forge e-mail or other messages. Users are strongly advised to use caution about revealing any information on the Internet which would enable others to exploit them or their identities: this includes last names, home addresses, Social Security numbers, passwords, credit card numbers or financial institution account information, and photographs. Under no circumstances should a user reveal such information about another person without that person’s express or prior consent.
9. Network users may not log on to someone else’s account, attempt to access another user’s files, or permit anyone else to log on to their own accounts. Users may not try to gain unauthorized access (“hacking”) to the files or computer systems of any other person or organization. However, students must be aware that any information stored on or communicated through the School District network may be susceptible to “hacking” by a third party.

10. Network users may not access Web sites, newsgroups, or chat areas that contain material that is obscene or that promotes illegal acts. If a user accidentally accesses this type of information, he or she should immediately notify a teacher, librarian, and/or network administrator. Likewise, use of the network to access or process pornographic material (whether visual or written), or material which contains dangerous recipes, formulas, or instructions, is prohibited.

11. Each student shall access email only through the Google account (if any) assigned to such student except to the extent access to personal email is for legitimate school related purposes.

12. Users may not access newsgroups, chat rooms, list servers, or other services where they may communicate with people outside of the School District (specifically including e-mail) unless they are supervised by a teacher and have been given explicit approval to do so.

13. Users may not engage in “spamming” (sending irrelevant or inappropriate electronic communications individually or en masse) or participate in electronic chain letters other than for official school district purposes.

14. Users who maliciously access, alter, delete, damage or destroy any computer system, computer network, computer program, or data will be subject to criminal prosecution as well as to disciplinary action by the School District. This includes, but is not limited to, changing or deleting another user’s account; changing the password of another user; using an unauthorized account; damaging any files; altering the system; using the system to make money illegally; destroying, modifying, vandalizing, defacing or abusing hardware, software, furniture or any School District property. Users may not develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computer system (e.g., create viruses, worms) is prohibited.

15. Users may not intentionally disrupt information network traffic or crash the network and connected systems; they must not degrade or disrupt equipment or system performance. They must not download or save excessively large files without the express approval of the network administrator. Users may not add any software or applications to the School District’s network or computers, or add to or modify any existing software or applications, without the express permission of the network administrator.

16. As is the case with all student work, users may not plagiarize, which is a serious academic offense. Plagiarism is “taking ideas or writings from another person and offering them as your own.” Credit must always be given to the person who created the article or the idea. A student who, by cutting and pasting text or data, leads readers to believe that what they are reading is the student’s original work when it is not, is guilty of plagiarism.

17. Users must comply with the “fair use” provisions of the United States Copyright Act of 1976. “Fair use” in this context means that the copyrighted materials of others may be used only for scholarly purposes, and that the use must be limited to brief excerpts. The School District’s library professionals can assist students with fair use issues.

18. Users may not copy any copyrighted or licensed software from the Internet or from the network without the express permission of the copyright holder: software must be purchased or licensed before it can legally be used.
19. Users may not take data, equipment, software or supplies (paper, toner cartridges, disks, etc.) for their own personal use. Such taking will be treated as theft. Use of School District printers and paper must be reasonable.

20. Users must behave properly in any computer lab setting. Normal rules of classroom decorum and compliance with instructions from faculty and administrators will apply.

21. Port Chester- Rye Union Free School District assumes no responsibility for student, faculty or staff websites created and hosted outside of the district network.

Violations and Consequences
Consequences of violations include but are not limited to:
• Suspension or revocation of information network access;
• Suspension or revocation of network privileges;
• Suspension or revocation of computer access;
• Suspension from school;
• Expulsion from school;
• Criminal prosecution.

In addition, the School District will seek monetary compensation for damages in appropriate cases.

Repeated or severe violations will result in more serious penalties than one-time or minor infractions.

This Acceptable Use Policy is subject to change. The School District reserves the right to restrict or terminate information network access at any time for any reason. The School District further reserves the right to monitor network activity as it sees fit in order to maintain the integrity of the network and to monitor acceptable use. School and District-wide administrators will make final determination as to what constitutes unacceptable use.

Disciplinary penalties involving possible suspension or expulsion from school will be determined in accordance with the School District’s Code of Conduct. However, suspension or revocation of access privileges will be determined by the network administrator, acting in consultation with school and District-wide administrators.
ACCEPTABLE USE POLICY FOR TECHNOLOGY 
AND THE INTERNET AGREEMENT

I have read, understand, and agree to the terms and conditions of the Port Chester Rye Union Free School District ACCEPTABLE USE POLICY FOR TECHNOLOGY AND THE INTERNET.

I understand that I have no right to privacy when I use the District’s Computer Network and Internet. I understand District staff may monitor all Network and Internet communications and activities.

I further understand that my violation of the provisions may result in suspension or revocation of the access and related privileges on the Network, other disciplinary actions, as appropriate, and possible legal action.
